The design is inspired by an old barrel and follows the sizes and materials of our highly successful Bowl Table range. Nails hammered by hand resembles the craftsmanship of making a barrel. The spacing around the mirror accentuates the circle and a shadow is created on the wood giving a feeling of the depth – like a barrel.

The workshop has actively participated in the fair trade program Susbiz India ([www.susbizindia.org](http://www.susbizindia.org)), externally managed and audited by the Danish federation of small and medium-sized enterprises.
